As the weather cleared, the Fallon Paiute Shoshone Tribe held their annual Memorial Day ceremony on Monday, May 28 to honor fallen veterans. Veterans and their families and friends marked Memorial Day by paying tribute to Veterans, remembering and honoring the women and men who gave their lives serving our country in all the branches of the military protecting and honoring American freedom.

The solemn ceremony began as Tribal Treasurer Jon Pishion welcomed attendees and said, “It’s truly an honor to be here to honor our veterans who made the ultimate sacrifice.”

A humble invocation was then given by Rev. Ernie Hooper, a U.S. Army Infantry, who served in the Korean War from 1951-1953 as a Technical Sergeant. VFW Commander Mac Mclean, led the service featuring Laying of Wreaths ceremony, with veterans service organizations- VFW and Auxiliary Post 1002, American Legion and Auxiliary Post 16, and Marine Corps League.

Following the services, the tribe provided lunch to all everyone who attended which was coordinated by Parks & Recreation Director Anthony Berreman, a U.S. Navy Veteran, who did an amazing job.

Although the Fallon Tribal Cemetery dates back to the early 1900s, it is still standing and thriving and retains its humble origins. The dirt field has headstones, grave markers, small wooden crosses and many unmarked graves as well.

The week prior to Memorial Day, the tribes cemetery clean up project reflects our respect both for our ancestors and for history. Several tribal departments including the Housing, Parks & Recreation, Maintenance Department as well as community members picked up trash, cut back weeds, brush, and grass, road maintenance, removal of debris, drainage and sometimes straightening of the markers.

Chairman George said, “It is important we take the steps to care for our cemetery it is where our loved ones lie so that our children, grandchildren, and great grandchildren can continue to pay respect to their ancestors.” In addition he said, “We want our cemetery to remain a permanent reminder of our heritage.”
The month of May was a busy month and as we celebrate all of the students who successfully completed a Head Start, I would like to also congratulate all the seniors who have and will be graduating this year. The future is yours to pave and good luck on your new adventures whether you continue on to college, trade school, or getting a job. A word of advice is time fly’s when you are having fun so make the most of it. I am proud of each and every one of you for all the hard work you have done to achieve this milestone marker. I like to say well done to your family for all the support and efforts they put in to help you along the way. Many blessing to each and everyone one of you.

The Surveyor James Darrough, will be finishing the colony surveys, afterwards he will start the finalizing of the maps and documents for all the sites that has been surveyed.

All land sales are on hold till we gather further information from the Bureau but we are still accepting Land Sales Requests.

The Stillwater Tribal Senior Committee is still looking for 2 committee members. I attended the WNC IAC meeting on May 9, 2018. Dr. Vincent R. Solis was selected for the WNC President.

Lastly, I hope everyone had a safe Memorial Day Weekend. I want to state that all Veterans serve under the core values of honor, loyalty, respect, selfless service, integrity and personal courage.

SUMMARY UPDATE ON ACTIVITIES

The CY2017 audit is in the process of being finalized and the final report is expected by the end of June 2018. All of the field work has been completed and they are completing their reviews of all the financial documentation and transactions, as well as reviewing some items requested from the non-financial side (i.e., grant and program items and policies). We are hoping to have another clean audit when they make their presentation to the Council. Once the audit is finalized, tribal members can request a copy of the report by contacting me.

With the preliminary items from the audit being completed, the Finance Department is now focusing on completing the Indirect Cost Agreement with the Interior Business Office for CY2019 which is due by June 30, 2018. This will involve identifying all of the items that comprise the CY2019 administrative budgets which the IBC evaluates and approves as allowable and then approving a rate based on the CY2017 audit report.

Our Settlement Fund has been experiencing some volatility primarily as a result of the political situation in Washington, D.C., particularly with the continued concern about a trade war between the U.S. and other countries. I monitor the balance on a daily and weekly basis and when major swings occur I contact the Council and our investment firm to see if they are issues and to see if we need to look into any adjustments to address them. Myself and the Council have adopted a more conservative approach to the spending of settlement funds in order to help.

WESTERN SHOSHONE EDUCATION
TRUST FUND SCHOLARSHIPS

The Western Shoshone Educational Trust Fund was established via the Public Law 108-270 with the mission of distribution of educational assistance for the Western Shoshone People who were eligible for the Western Shoshone Claims Judgment Roll, and/or individuals who prove to be lineal descendant of an individual appearing on the said judgment roll, and who satisfies all eligibility criteria established by the committee. This scholarship is designed to supplement undergraduate and vocational school funding for eligible applicants. For more information and applications please go to:

http://westernshoshoneeducationtrustfund.com

UPCOMING DEADLINE: JUNE 15, 2018
**SUMMARY UPDATE** (continued from prior page)

continue to grow the fund for future generations and maintain services and programs to the membership.

The other item I am also monitoring is the upcoming FY2019 federal government budget. The FY2018 budget turned out to be a big positive for Indian Country as the U.S. Congress maintained and/or increased prior year funding levels despite the White House originally wanting enormous cuts. But we are again in the same situation as the White House is submitting its FY2019 budget which again includes major cuts to many domestic programs, including those that impact Indian Country. Additionally, the budget is being used as a catalyst for the reorganization of the U.S. Department of the Interior. This reorganization would mean a major change in the BIA offices with entirely different boundaries. The Fallon Tribe, along with most of western Nevada, could end up in an entirely new region comprised of western Nevada and most of California. There has been limited consultation with the Tribes so hopefully at the upcoming National Congress of American Indians (NCAI) annual conference the Tribes will get more information on the budget and reorganization plan. For more information on the budget and reorganization plan the following links provide for additional details:

- FY2019 U.S. Budget and Tribal Impacts (http://www.ncai.org/FY2019_Presidents_Budget_Analysis7.pdf)

The CY2017 Minor Settlement Fund Trust Account reports were mailed out in March. These statements go to the parents/legal guardians of all minor children and to adults who still have funds from their minor accounts that are being paid out. If you did not receive your statement or have any questions about it please contact myself or Lynn Castro, Comptroller.

The other item that I will be looking into will be coordinating with the Council and the tribal membership into any changes that need to be made into the Settlement Fund. Fund Year 28 starts in October 2018 and ends in September 2019 and during this time period the Council can look into revisions to the plan as long as it doesn’t violate any provisions of Public Law 103-615. The next cycle for revisions won’t occur until Fund Year 33 which starts October 2023.

If you have any questions on this report or would like any other information please contact me at by email at fbtreasurer@ftst.org or at (775) 423-6075. Thank you.

TRIBAL SENIOR EMERGENCY ASSISTANCE PROGRAM

DEADLINES & SUBMITTALS. There are no specific deadlines to submit an application - they are available from the Tribe’s Social Services Department.

PURPOSE OF PROGRAM. The purpose of this fund is to assist Fallon Tribal members who are 60 years of age or older with costs associated with unforeseen health, safety, or home repair which would result in a tribal elder being without the necessities needed to maintain a healthy home environment or healthy quality of life.

RESTRICTIONS/ LIMITATIONS.
1. Recipients are limited to one (1) request per calendar year (January – December).
2. In rare situations where the immediate health and safety of an elder is at stake, the Council may consider an additional request in a calendar year. The elder or representative must attach supporting documentation showing immediate health and safety issues. This request cannot be for the same item as the original approved request in that year and cannot be used for past-due and/or delinquent items or accounts.
3. The elder emergency assistance program is not designed to pay for:
   a. Ongoing regular payments but rather to assist an elder with an immediate due situation and is typically a non-regular event;
   b. Recurring personal debts, or debts owed that the individual should anticipate or be expected to pay (e.g., house payments/rent, cable TV bills, court fines, child support, other forms of court-ordered restitution, credit card payments, car payments or other auto related costs, loan payments, etc.).
   c. Any monies owed to the Tribe and/or its programs/ departments.
4. If an individual has any delinquent account with the Tribe or owes money to the Tribe, he or she may not be eligible for emergency assistance. The Council, though, may waive this provision for situations involving emergency need and travel.

Wear Blue Run to Remember-Fallon Nevada
By Jill Downs tribalanews@fpst.org

For the second year in a row, on Memorial Day, wear blue: run to remember; honored the fallen service members and their family’s sacrifice through purposeful movement. After a weekend of scattered storms, Monday morning forecast was blue skies. It was a beautiful day as a group gathered at the corner of Golden Eagle Court to walk, run or ride, donning blue shirts to honor and remember. They were committed to a distance that honors the sacrifices military families make day-in and day-out.

Starting at 7:00 AM, they hit the streets, they took a scenic running route while it was quiet and cool and what better way to start a Memorial Day than to remember what’s important. Stan Hooper Jr. stated, “We run/ride to remember the fallen. It was started by a woman who lost her husband and it’s a great organization.”

As they arrived at the Fallon Cemetery, they added their own special touch of patriotism and “thanks” as they knelt down to honor Veterans. They also hope to bring awareness for the cause, but also helps you stay fit. Most of all, this is about “honor and remembrance”.

How it All Started
Lisa Hallett and Erin O'Connor started Wear Blue following the losses suffered by the 5-2 Stryker Brigade Combat Team while deployed to Afghanistan in support of Operation Enduring Freedom. Lisa's husband, CPT John Hallett, was one of the four soldiers killed during that deployment.

Since Lisa and Erin had already established a support network and weekly run while the brigade was deployed, they kept it going and soon turned it into a nationwide community. These active duty and retired service members, military families, Wounded Warriors, Gold Star families and community members, now runs to honor all military members killed in combat. The groups meet weekly, and before a run they call out the name of military members killed on that weekend over the last thirteen years of war, in what they call the “Circle of Remembrance.” The runners then call out the names of people they personally will run for. The runs during official Wear Blue events include hand-held flags along the run, with large posters of the fallen service members.
Reaching Milestones

Carson Daniel Allen, Fallon tribal member and Churchill County High School graduated from the University of Nevada, Reno on Saturday, May 19th. Carson was a dual major receiving a Bachelor of Arts in Communications Studies and Psychology. Carson is the son of Daniel (Sonny) and Debbie Allen and the grandson of Leonard Allen and Betty Robison (Duckwater). Carson is extremely grateful for receiving scholarships from the Fallon Paiute Shoshone Tribe, the Western Shoshone Educational Trust Fund and Round Mountain Gold Corporation and his parents, grandparents, family and friends for their love and support without which he would not have been able to complete his studies. His goal now that he has graduated is to pursue a career in Public Relations.

Leona Morningstar Minard “Ewa” Married to Chris Mineard mom of three, is a great example of the saying, “It’s never too late to go back to school.” After taking six years off after high school, Leona has attained her AA degree at Western Nevada Community College, all while raising her three babies, Kailey, Keona, and Kolby. Leona plans to transfer to the University of Nevada Reno to pursue a bachelor’s degree in the School of Business. She thanks the Fallon Paiute Shoshone Tribe for supporting her in her educational pursuits. She would also like to thank her family for the love and support.

Summer is approaching - Protect against TICKS

Tick bites are known to cause infections and can give you different kinds of illnesses including Rocky Mountain Spotted Fever and Lyme disease.

It is best to prevent the tick bites from happening to avoid the complications they bring. Cover your feet, arms and head when going outdoors in woody, grassy areas. Use tick repellants containing DEET or permethrin.

Check your children for tick bites after a day outdoors. A typical tick bite is marked by a red, circular patch that is usually raised. The most distinguishing mark would be a tiny dot in the center where the tick connected and made the bite. The area could itch immediately after a bite or the reaction could take hours before occurring. Fatigue, fever, headaches, red rash, aches in joints and muscles may occur. If you suspect a tick bite, seek medical attention.

Ticks normally latch onto skin near the armpits and groin area where it is damp and in other body crevices. A bite can trigger allergic reactions or worse, infections that require medical attention.

You may want to pay special attention to your pets that go outdoors and then return indoors. Your pets may carry the ticks on them and bring them indoors. Thoroughly check your pets for ticks.

This is part 1 of a three-part education series from the Indian Country Child Trauma Center at the University of Oklahoma Health Sciences Center.

The following is an excerpt from What is Trauma? A Guide for Parents Indian Country Child Trauma Center.

“Trauma is an emotional or physical reaction to an event that is witnessed or experienced by a child or adolescent and is disturbing to them. Examples of events that can be traumatic are:

- Being a victim of physical or sexual abuse
- Witnessing violence within the family or community - murder, gangs, bullying
- Witnessing violence on television, movies, or video games
- Loss of a loved one due to accident, illness, disease, or violence
- Loss or displacement due to a natural disaster - fire, tornado, earthquake, hurricane
- Loss due to traffic accidents - injury, death, disability
- Loss of a relative or friend due to suicide
- Exposure to an act of war or terrorism

How can trauma affect my child? A child may:

- Feel scared and less secure
- Think the family has changed and nothing can be the same as before
- Be less confident and have decreased self-esteem
- Think about suicide or harming themselves
- Not want to participate in regular activities

When should I get help for my child? Your child may need help if you notice any of these problems:

- Not wanting to go to school
- Doing worse in school
- Fear of leaving the house
