## **Announcement of Nevada Hero of the Day, May 5, 2020**

Hether Hardy is the director of nursing at Highland Village Nursing Home, the only skilled nursing facility in Elko. Hether is dedicated to keeping the 91 residents in Highland Village entertained and in communication with loved ones while social distancing during the COVID-19 pandemic. While visitors are restricted from entrance to Highland Village, Hether makes sure residents have daily access to iPads and Kindles at the nursing home to Skype with family members. Thank you, Hether, for everything you do for the residents at Highland Village in Elko.

During challenging times, it's important to recognize the good we see. Every day, heroes among us are taking care of their neighbors, showing up to work at their essential jobs, working on the front line, saving lives, or just staying home for Nevada. Thank them when you see them. Nominate your hero by sending their name, photo and a brief description to [NevadaHero@gmail.com](mailto:NevadaHero@gmail.com). Heroes will be highlighted on the Nevada Health Response [Twitter](#), [Facebook](#), and [Instagram](#) accounts.
