***** MEDIA ADVISORY *****

Announcement of Nevada Hero of the Day, May 6, 2020

Tofa Uhatafe volunteers at several locations in the Las Vegas Valley, including Three Square and Just Project One. During the COVID-19 pandemic, Tofa has used social media to inform people in the community of the many locations they can find food for those in need. Tofa has also offered to pick up and deliver prescriptions for elderly citizens so they don't have to leave their home. Tofa was an active volunteer in the community before the pandemic, but has increased his efforts during the outbreak. Thank you, Tofa, for your volunteerism and dedication to members of Clark County.

During challenging times, it's important to recognize the good we see. Every day, heroes among us are taking care of their neighbors, showing up to work at their essential jobs, working on the front line, saving lives, or just staying home for Nevada. Thank them when you see them. Nominate your hero by sending their name, photo and a brief description to NevadaHero@gmail.com. Heroes will be highlighted on the Nevada Health Response [Twitter](#), [Facebook](#), and [Instagram](#) accounts.
