August 11, 2021

Fallon Paiute-Shoshone Tribe Membership,

This letter is to inform the membership that Tribal Enrollment Cards cannot be processed at this time. We had placed an order for another machine when it initially went down. Unfortunately, the order is on backlog and is estimated to be shipped in six weeks. There is no way to speed up the process.

An alternative to the actual card is that we can print out a Certificate of Indian Blood (CIB) that shows all your relevant information you would normally find on your enrollment card. Most places will accept this in lieu of an actual card and it is signed by the Council Secretary verifying your enrollment.

We apologize for the inconvenience. As soon as the new machine comes in, anyone that has requested a card will be notified and we will get these processed promptly.

Thank you for your patience and understanding.

Respectfully,

[Signature]
Margot Dyer
Fallon Business Council Secretary
