## First Annual Trunk or Treat Draws Large Crowd at Fox Peak Cinema

By Jill Wright [tribalnews@fpst.org](mailto:tribalnews@fpst.org)

Over 1,000 trick-or-treaters and their families along with 24 vehicles and booths participated in the 2023 Halloween Bash hosted by the Fallon Tribe and the Fallon Tribal Development Corporation on October 25, a safe place to trick-or-treat. The Fallon Tribe and the FTDC collaborated together to host this first annual event in front of the Fox Peak Cinema as they blocked off the round about. There was free hot dogs, chips, pop corn, drinks, hot chocolate and coffee. Smiles abounded as kids played games, and visited the decorated trunks of our volunteers and staff to collect handfuls of coveted Halloween candy, toys, glow in the dark sticks and prizes.

One of the evenings highlights was the costume contest with winners in various categories. The best decorated trunk was awarded to the Education Department with the theme Teenage Mutant Ninja Turtle Characters and a painted city as props for the background. Some of the trunk themes included Wreck-it-Ralph Cast, Witches & Cauldrons, Police and Criminals, Super Heroes, a Haunted House, Plink it Game, Marvel characters and so much more. Friendly competition is a big deal at our tribal events.

Chairwoman Williams-Tuni and her assistant Juliana Dixon hosted a Haunted House themed trunk and handed out goodies for all the kids.

*OH LOOK, It's GRILL-A (L) and Sweet Tooth (R) with his twisted metal.*

Chairwoman Williams-Tuni stated, "It truly was a spectacular evening with a great turn out and creating lasting memories for the families was what it was all about."

FTDC President Cody Downs stated, "There were so many participants with funny, scary and creative costumes and as I walked around I seen many innovative and talented people that serve our community who decorated their trunks for the entire community to enjoy." In addition he stated, "There is already an interest from local business for next year and future events."

The Fallon Tribe and the Fallon Tribal Development Corporation would like to thank everyone for participation in our Trunk or Treat event. Thank you to our donors, volunteers, and staff whose support made this event a huge success. A special thanks, too, all the Fallon Tribal Departments, FTDC, Tribal Police, Pizza Hut for their support of the event. These supporters, and many others made our Trunk or Treat event a reality. Thank You.

# Turkey Fryer *Fire Safety*

Frying food puts you at the greatest risk of cooking fires. Before you fry a turkey, review these tips to keep you and your loved ones safe.

Turkey fryers can tip over easily, spilling hot cooking oil over a large area. Make sure your turkey fryer is on a sturdy, level surface and do not move it once it is in use.

Make sure it is at least 10 feet from your home and not under roof eaves.

An overfilled cooking pot will cause cooking oil to spill when the turkey is put in. Test the amount of oil you need by filling your fryer with water. Place the turkey in the pot making sure the water doesn't get too close to the top. Measure the water and use that as a guide for filling the pot with oil.

A partially frozen turkey will cause cooking oil to splatter when you put it in the cooking pot. Make sure your turkey is fully thawed without frost on it before you fry it.

Without thermostat controls, deep fryers can overheat oil to the point of starting a fire. If your turkey fryer does not have a thermostat, use a kitchen thermometer that attaches to the side of the pot. This will help you monitor the temperature of the oil.

The sides of the cooking pot, lid and pot handles can get dangerously hot. Always use protective oven mitts. Keep children and pets at least 3 feet from the turkey fryer.

Consider using an electric or air fryer.

## STEM Family Night at CLC was a Great Success!

*By Jill Wright tribalnews@fpst.org*

A **Family STEM Night** is a community – school-based activity that allows students, parents, teachers, and caregivers an opportunity to participate together in the excitement of STEM activities while, at the same time developing a basic understanding of the scientific principles that underpin what is happening before their eyes.

The FPST Boys & Girls Club hosted their first STEM Family Night with all grade levels and their parents. The activities in the classroom were to inspire all students to be creative problem solvers and critical thinkers with hands-on STEM tools and experiences so that they can be empowered to explore these career opportunities in the future. There were several activities such as fossil finders, robotics where kids could build their very own blue tooth radio/car and liquids with pH experiments and reactions.

In the gymnasium they had a portable dome theater which is an inflatable dome to bring state-of-the-art technology for the students to experience the wonder of scientific exploration as the inflatable dome is rendered in a realistic model of the night sky. Everyone had fun. We would like to thank the students and their parents for coming out as well as the volunteers who are such great roll models for our youth. We are excited for the next STEM Night and hope to see more students next time.

## YOUR CULTURAL KNOWLEDGE IS IMPORTANT

The Tribal Historic Preservation Office is facilitating NAS Fallon with updating their Ethnography study. We started this process with the elders, as the wisdom and knowledge they carry will help protect the lands. Now we will be hosting the last round of scheduled closed session interviews for everyone at the FPST Administration Council Chambers November 16 and 17 starting at 9:00 am. This is an opportunity for individuals or families to share what this land means to them and how NAS Fallon can learn to protect land they occupy. If you have any questions, concerns, or would like to schedule your interview, please contact FPST Tribal Historic Preservation Coordinator.

## Fallon Tribal Health Center/Toi Ticutta Health Fair

By Jill Wright [tribalnews@fpst.org](mailto:tribalnews@fpst.org)

On Friday, October 13<sup>th</sup>, the Fallon Tribal Health Center held its annual Toi Ticutta Health Fair at the Tribe's gymnasium. There were more than 30 vendors who from various tribal departments, arts & craft vendors, and local and state agencies participated in the event. This year's health fair had a theme of "Highway to Health" to help remind people that health is a journey from childhood to being an elder. The Health Fair serves to bring the community together, and helps people and families learn about wellness topics while obtaining important health checks and tribal education programs offered in the tribal area. We had nearly 300 people attend the various events throughout the day.

Organized as both an indoor/outdoor event this year with a steady flow of visitors stopped by during the event. In addition to the Health Fair, there was also some pre-health fair events to help promote health and community.

At 7 am, there was a healthy Community Breakfast sponsored by the Senior Center offering gift bags to the first 50 elders as a start-up for the day's events. Then at 8 a.m. several teams competed in the Ninja Warrior Relay/obstacle course at the Toi Ticutta Wellness Center as they signed up with Joey Fanjul and Avery Ijames. The last pre-event started at 9 a.m. with our 5K Walk/Run as it was a beautiful day to come together and have fun and most importantly, get a good work out.

At 10 am, the doors to Health Fair opened to the public. There were many services such as Health Screenings, COVID-19 and Flu vaccines, Community Resources including WIC, Churchill Coalition, , Division of Wel-

fare and Supportive Services, Tribal Programs & Departments, Food and Entertainment and a Raffle. Outside there was a Bounce House, snow cones & face painting for the kids, as well as the Health Center's new Mobile Clinic and Banner Churchill EMS. Also, there was great entertainment by Kevin Brady and band.

One of the highlights of the Health Fair was the opportunity to take a tour of the new Mobile Clinic with state-of-the-art equipment. The new mobile clinic will be going out to various events on the Fallon Reservation, as well out to the Lovelock and Yomba Tribe to provide more community health and outreach including having medical providers coming out with us.

Health Director Jon Pishion stated, "The purpose of the event is to let our members know what is available in their tribal community and provide information so they can get and stay healthy. This is also a great opportunity for staff to meet our members, talk about important health points. There were different stations for checking blood pressure, diabetes, and of course we're offering flu shots."

"It was just so nice to be able to get out and see people again," one elder said. "I thought it went well and the food & music was good and I always enjoy the raffle."

We would like to recognize the various winners of the events related to the Health Fair and thank them for their participation in the event:

**Ninja Warrior Relay Winners:**  
1st-Team Bishop; 2nd Rez Dogs; 3rd Elaine, Cheyna, Kaleeki and Ray.  
**5K Run/Walk Winners:**  
1st-Ebin Bishop, Cameron Christie, Delbert Bishop and Francine

L-R; Leticia King, Dental Assistant and Alma Villanueva, Compliance Officer

Tohannie.

**Health Fair Poster Contest Winner:**  
MiaKoda Hicks

**Biggest Loser Contest: Men** Kaleeki Campbell, Anthony Hernandez and Ray Allen

**Women:** Laura Ijames, Micah Sitting Down and Cheyna Burton

The Health Clinic would like to thank all the various departments and organizations dedicated to the health and well-being of our community who were part of the events as vendors. We also want to thank the Chairman's Office for running the bounce house, Public Works in handling the snow cones and facing painting, Communications for helping coordinate and facilitate the event, and to the CLC for helping design the signs for the event. We would like to thank those who did a great job at promoting this event and the staff at the Health Center who brought the entire event together. Thank you for your very significant part in making this important event so successful. We truly appreciate it.

We will host the next meeting at the COC building on 11/30/23 from 12noon to 1:30 p.m. Everyone is welcome to attend. For more information call (775) 423-9076.

<https://www.samhsa.gov/find-help/988/key-messages>

People can call or text [988](https://www.samhsa.gov/find-help/988/key-messages) or chat [988lifeline.org](https://www.samhsa.gov/find-help/988/key-messages) for themselves or if they are worried about a loved one who may need crisis support. 988 serves as a universal entry point so that no matter where you live in the United States, you can reach a trained crisis counselor who can help.

988 offers 24/7 access to trained crisis counselors who can help people experiencing mental health-related distress. That could be:

- Thoughts of suicide
- Mental health or substance use crises
- Emotional distress
- And other [reasons to connect \(46 seconds\)](#)

Too many people are experiencing suicidal crisis or mental health-related distress without the support and care they need, and sadly, the pandemic only made a bad situation worse when it comes to mental health and wellness in America.

There are urgent realities driving the need for crisis service transformation across our country. In 2021:

- The U.S. had one death by suicide about every 11 minutes
- For people aged 10–14 and 25–34 years, suicide was the second-leading cause of death
- Suicide rates increased significantly among non-Hispanic Black & American Indian and Alaska Native people
- Nearly 900,000 youth aged 12–17 and 1.7 million adults attempted suicide
- About 107,000 people died from drug overdoses

Yet, there is hope. The 988 Lifeline helps thousands of people struggling to overcome suicidal crises or mental health-related distress every day.

## What Is Caregiver Burnout?

Caregiver burnout is caused by long-term stress that can affect your physical, emotional and mental well-being. You become overwhelmed trying to meet the constant demands of your caregiving role. It can have a negative effect on how you care for yourself and your loved one.

Many caregivers don't take time to care for themselves and they begin to show signs of caregiver burnout.

Your health and well-being benefit your loved one just as they benefit you. Learn the signs of caregiver burnout and seek help if you're having them.

### What are the signs of caregiver burnout?

As a caregiver, you're under a lot of stress. Long-term stress can lead to health problems. So, watch out for signs of burnout, including:

- Denial about your loved one's condition.
- Anger toward the person you're caring for.
- Social withdrawal from friends and activities you enjoy.
- Anxiety about caregiving responsibilities.
- Depression and anxiety.
- Exhaustion and lack of energy to do things.
- Losing control physically or emotionally.
- Trouble falling or staying asleep.
- Difficulty concentrating.
- Unhealthy behaviors such as drinking or smoking too much.

If you're experiencing any of these warning signs, take steps to get your life back into balance.

### How can I avoid burnout?

Take it one day at a time. You can take steps to avoid caregiver burnout by:

- Learning more about your loved one's condition and how to manage it.
- Discussing your feelings with a friend or joining a support group for caregivers.
- Finding out what caregiving resources are available in your community.
- Asking for and accepting help from others.
- Using day care or respite care so you can take time for yourself.
- Using relaxation techniques such as meditation, yoga or breathing exercises.
- Taking care of yourself by eating well, exercising and getting plenty of rest.
- Talking to a counselor or therapist, if needed.

# THE MONTH OF STEM LEARNING AND SPOOKY SCARES!

October 2023

## STEM NIGHT AND ITS SUCCESS

### FROM KIDS TO SCIENTISTS

Thanks to the STEM grant through the Boys and Girls Club, we were able to host a night of fun and learning on the 19th of October. The kids were able to put on their white lab coats (literally) and learn about fluid dynamics, robotics, and fossils. Look out for our next major event and come join us for the fun!

In collaboration with UNR/Fleischmann Planetarium we were able to book and host "The Dome". Which allows viewers to sit underneath an inflatable dome inside our own gym. Visuals from the planetarium are then beamed up on the inside to bring the stars just close enough to reach.

### SPACE: THE NEW FRONTIER, FROM OUR GYM?

# THE MONTH OF OCTOBER CONTINUED

HUGE shout out to Ray Allen, as he gave a presentation to our ASP crew about the importance of pine nuts. Ray brought his knowledge and traditional baskets to help explain what it means to his family and the tribe as a whole. We hope to collaborate more in the future, and to any one else who would like to share their story and experiences please reach out by calling 775-423-8065.

## SATURDAY, NOVEMBER 18, 7PM

Hailed as "The hottest band in the Wasatch" by the Intermountain Acoustic Music Association, Pixie and the Party Grass Boys create a uniquely American sound that can turn the room into a ruckus, but offers a full variety of other dynamics as well- approaching bluegrass/ folk with a classical and jazz background while incorporating elements of Broadway, Pop-Punk, and an unabashed love for having a damn good time.

The band has been touring while steadily gaining a fanbase nationwide and playing festivals including: High Sierra Music Festival, Delfest, Peachfest, Jamcruise, and Winter Wondergrass, in addition to sharing the stage with artist such as : Lake Street Dive, Billy Strings, Grace Potter, Yonder Mountain String Band, the Infamous Stringdusters, and the Brothers Comatose.
